_____		
Date the refrigerant was recovered: _____		
<p><u>Verification:</u> By signing this form, I verify that all refrigerant that has not leaked previously from this appliance or shipment of appliances has been recovered in accordance with EPA regulations (40 CFR Part 82).</p>		
_____ Signature		

Effective July 13, 1993, persons who take the final step in the disposal process (including but not limited to scrap recyclers and landfill operators) of a small appliance, room air conditioner, MVACs, or MVAC-like appliances must either: (1) Recover any remaining refrigerant from the appliance in accordance with applicable EPA regulations, or (2) verify that the refrigerant has been evacuated from the appliance or shipment of appliances previously. Such verification must include a signed statement from the person from whom the appliance or shipment of appliances is obtained that all refrigerant that had not leaked previously has been recovered. This statement must include the name and address of the person who recovered the refrigerant and the date the refrigerant was recovered. (40 CFR 82.156(f))
